

International Credit Mobility :

Erasmus+ outside Europe

Webinar T.I.M.E.

4 & 5 December 2019

Emmy Arts

Erasmus+ assessments for

French National Agency

Dutch National Agency

For students: in a nutshell:

Incoming and outgoing mobility:

What: Study period and Traineeship

Level: Bachelor, Master, Doctorate

Duration: from 3 months (90 days) to 12 months, from and to partner countries

Combined mobilities: traineeship period included in study period

For staff: in a nutshell:

Incoming and outgoing Mobility

Duration: from 5 days to 2 months, excluding travelling time:

Teaching activity: minimum of **8 hours of teaching** per week, from and to Partner countries.

Training activity: training events abroad (excluding conferences) and job shadowing/observation periods/training at a partner HEI

Combined mobility: possibility to associate teaching and training within the same period. Minimum number of teaching hours will then be 4 hours per week.

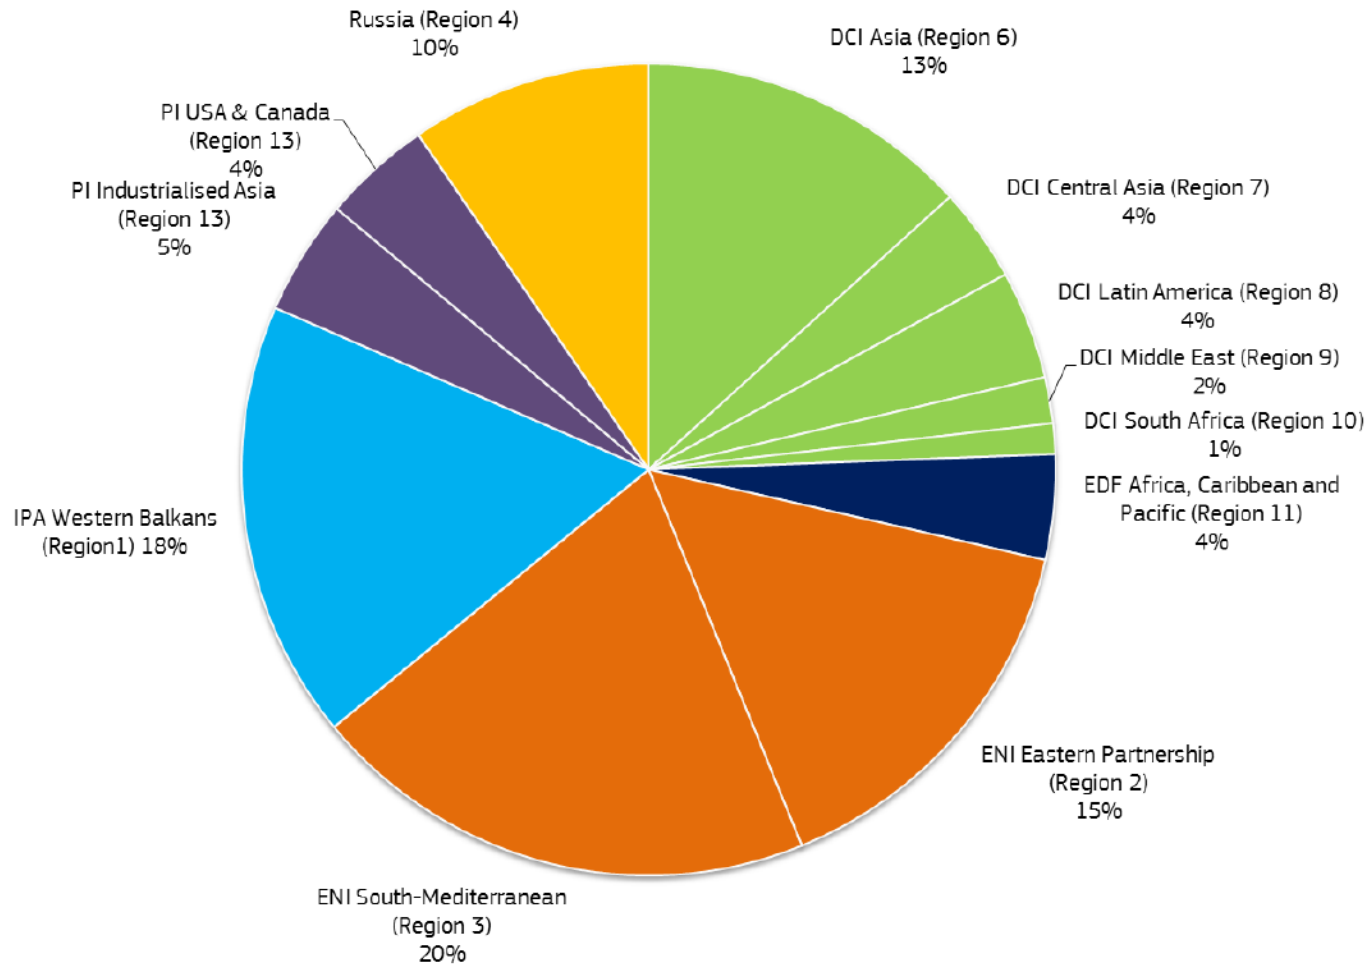

Which countries can participate:

- African, Caribbean and Pacific countries
- EU's neighbourhood regions: Eastern Partnership; South Mediterranean; Russian Federation
- Western Balkans
- Development cooperation regions: Asia; Latin America; Central Asia; South Africa; Middle East
- Industrialised countries; Industrialised Asia; Industrialised America

International credit mobility budget by envelope

Restrictions per financial instrument

- Argentina, Brazil, China (DCI countries)

Outgoing Mobilities (Europe>partner) only on **Doctorate** Level

- Australia, Canada, Japan (PI countries)

No restrictions

Success rate applications France

Instrument for Pre-Accession Assistance : 100%

European Neighbourhood Instrument : East: 38%, South: 33%, IEV : 21%

Development Cooperation Instrument:

33/117 applications selected ICD Asie: 28%

9/20 applications selected for ICD Central Asia: 45%

13/75 applications selected for Latin-America: 17%

6/11 applications selected ICD Middle East: 55%

3/13 applications selected South-Africa: 23%

-

European Development Fund: 50 %

Partnership Instrument:

13/89 applications selected PI Americas:15%.

8/66 applications selected PI Asia:12%

Budget

Organizational Support (OS): Amount per participant: 350 €

Travel costs

Distance	Amount
Between 10 - 99km	20€ per participant
Between 100 - 499km	180€ per participant
Between 500 - 1999km	275€ per participant
Between 2000 - 2999km	360€ per participant
Between 3000 - 3999km	530€ per participant
Between 4000 - 7999km	820€ per participant
From 8000km	1500€ per participant

Budget

Mobility	Programme countries (Out)	France (IN)
Staff Mobility Teaching	180€ per day	160€ per day
Staff Mobility Training activity	160€ per day	180€ per day
Student Mobility Studies	700€ per month	850€ per month
Student Mobility Internship	700€ per month	850€ per month

Application:

4 criteria: Mark /100

1. Relevance of the strategy (30/100)
2. Quality of the cooperation arrangements (30/100)
3. Quality of the project design and implementation (20/100)
4. Impact and Dissemination (20/100)

1. Relevance of the strategy

- ✓ In what way the requested mobilities are in accordance with the international strategy of the institutions? The strategies of all partners involved should be explained here.
- ✓ Which is the reason to work with the country? Why these institutions? Are there any links with companies, ministries, embassies, regions, networks...
- ✓ Where do the alumni work?
- ✓ Why do these mobilities reinforce the objectives on an international level. It is important to explain why the partner countries have been chosen.
- ✓ Indicate the number of students and the current flows from the institutions to justify the requested flows.

2. Quality of the cooperation

- ✓ Current cooperation (what agreements have been signed, since when, visits ..)
- ✓ Are the institutions already involved in Actions (Erasmus Mundus, other KA 1)
- ✓ What experience on an international level and project management?
- ✓ Which courses and which levels?
- ✓ What will the participants do?
- ✓ How will participants be selected? All participants are concerned, so also teachers. Degree level (Bachelor, Master), academic results, language level, ..
- ✓ What support and by whom for the organization of the visa, housing etc.? Mobility Kit, Mobility Tool, Erasmus + financial management by RI (not in detail, as this will be part of the following criterion)
- ✓ How will the partners communicate? Mail, videoconferences, collaborative workspace, ...
- ✓ The roles and tasks of each partner should be clearly indicated.

3. Quality of project design and implementation

- ✓ Clearly indicate all stages of mobilities: preparation, implementation, monitoring. It is important to indicate this for all the mobilities concerned (not only students!) Before, during and after mobility.
- ✓ Selection procedures by the different partners for the different mobilities. Selection Criteria, Schedule etc. Special attention must be given to equal opportunities (underprivileged backgrounds, scholarship students, students with disabilities)
- ✓ Information and support provided to participants: housing, language courses, study contracts, mobility check, administrative support for insurance, visa.
- ✓ Recognition of mobility for all mobility: students and staff (the mention of a certificate is sufficient).

4. Impact & dissemination

- ✓ Explain the expected impact of the mobility project on participants, beneficiaries, partner organizations and on local, regional and national levels.
- ✓ Describe the measures that will be put in place to disseminate the results of the mobility project at the university and institutional levels and beyond, as appropriate, both in the Program Countries and in the Program Partner Countries.
- ✓ Impact on the participants: cultural and scientific openness, network, internships, scientific knowledge, employability, language. Internationalization at home.
- ✓ Impact on institutions: internationalization of the campus, alumni network, double degree program: reinforcement, research links, co-supervision of thesis. Attract the best students with grants.
- ✓ Dissemination: networks, high schools, reports, presentations., Region, companies with cooperation in both countries ...(jobfair)
- ✓ How will the results be measured? What assessments? Send survey to participants.

How to participate

- ✓ Annual call - deadline February 2020
- ✓ International Relations play an important role, but can't do it all alone
- ✓ Find relevant European partners (T.I.M.E. network ideally)
- ✓ European Commission's 'Do's and don'ts for higher education institutions' http://ec.europa.eu/programmes/erasmus-plus/library/credit-mobility-dos-donts_en
- ✓ Form sample for 2020: https://ec.europa.eu/programmes/erasmus-plus/resources/documents/erasmus-higher-education-student-and-staff-mobility-between-programme-and_en

Important points

- ✓ European partners apply, but the application and the project have to be carried out by all partners involved
- ✓ Erasmus procedures and structures need to be known by all partners involved
- ✓ Annual call
- ✓ Very competitive action depending on the region
